HSD Cases #158-#175

Dear Parents and Staff:

This letter informs you that eighteen (18) individuals in the Haddonfield School District have tested positive for COVID-19. All contact tracing, if any, has been completed.

We are currently awaiting guidance from the New Jersey Department of Health (NJDOH) on the [most recent isolation and quarantine guidelines from the CDC](#) to determine whether the new guidance will apply to public schools.

We continue to ask parents to keep their students home at the first signs of [COVID symptoms](#), especially now that we are seeing a rise in cases in our district and in the region. Also, please notify your school nurse as soon as you receive a COVID+ test, which helps the school district respond in the most efficient manner possible.

While we try to consolidate these notices to be more efficient in our communications, please note that the [HSD Active COVID+ & Vax Dashboard](#)s are updated daily and available on the HSD website.

Please [click here for the most up-to-date version of HSD's COVID-Related Decision Tree](#).

Case #158: HMHS

- The individual is a female in her 10s.
- Symptomatic on Thursday, December 23, tested and received results on Friday, December 24.

- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #159: HMHS

- The individual is a female in her 10s.
- Symptomatic, tested and received results on Friday, December 24.
- The “look back” date is Wednesday, December 22.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #160: HMHS

- The individual is a male in his 10s.
- Symptomatic on Friday, December 24, tested and received results on Saturday, December 25.
- The “look back” date is Wednesday, December 22.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #161: HMHS

- The individual is a female in her 10s.
- Symptomatic, tested, and results on Friday, December 24.
- The “look back” date is Wednesday, December 22.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #162: HMHS

- The individual is a female in her 10s.
- Symptomatic on Thursday, December 23, tested and received results on Friday, December 24.
- The “look back” date is Tuesday, December 21.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #163: HMHS

- The individual is a juvenile male (under 10).
- Symptomatic on Monday, December 20, tested and received results on Tuesday, December 21.
- The “look back” date is Saturday, December 18.
- Last day in school was Monday, December 20.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #164

- The individual is a female in her 40s.
- Symptomatic, tested, and results on Saturday, December 25.
- The “look back” date is Thursday, December 23.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #165: HMHS

- The individual is a female in her 10s.
- Symptomatic on Wednesday, December 22, tested and received results on Thursday, December 23.
- The “look back” date is Monday, December 20.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #166: HMHS

- The individual is a female in her 40s.
- Symptomatic, tested, and results on Saturday, December 25.
- The “look back” date is Thursday, December 23.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unclear whether this individual contracted the virus in school.

Case #167: HMHS

- The individual is a male in his 10s.
- Symptomatic, tested and received results on Saturday, December 25.

- The “look back” date is Thursday, December 23.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unknown whether this individual contracted the virus in school.

Case #168: HMHS

- The individual is a male in his 10s.
- Asymptomatic, tested and received results on Thursday, December 23.
- The “look back” date is Tuesday, December 21.
- Last day in school was Wednesday, December 22.
- Based on currently available information, it is unknown whether this individual contracted the virus in school.

Case #169: HMHS

- The individual is a female in her 10s.
- Asymptomatic, tested and received results on Thursday, December 23.
- The “look back” date is Tuesday, December 21.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unknown whether this individual contracted the virus in school.

Case #170: HMS

- The individual is a male in his 10s.
- Symptomatic, tested, and received results on Thursday, December 23.
- The “look back” date is Tuesday, December 21.
- Last day in school was Wednesday, December 22.
- Based on currently available information, it is probable that this individual contracted the virus in school.

Case #171: Tatem

- The individual is a juvenile female (under 10).
- Symptomatic, tested, and received results on Friday, December 24.
- The “look back” date is Wednesday, December 22.
- Last day in school was Wednesday, December 22.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #172: HMS

- The individual is a male in his 10s.
- Symptomatic on Monday, December 27, tested, and received results on Tuesday, December 28.
- The “look back” date is Saturday, December 25.
- Last day in school was Thursday, December 23.

- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #173: Central

- The individual is a female in her 40s.
- Symptomatic on Friday, December 24, tested, and received results on Tuesday, December 28.
- The “look back” date is Wednesday, December 22.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #174: HMHS

- The individual is a female in her 40s.
- Symptomatic on Monday, December 27, tested, and received results on Tuesday, December 28.
- The “look back” date is Saturday, December 25.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Case #175: HMHS

- The individual is a female in her 40s.
- Symptomatic on Monday, December 27, tested, and received results on Tuesday, December 28.
- The “look back” date is Saturday, December 25.
- Last day in school was Thursday, December 23.
- Based on currently available information, it is unlikely that this individual contracted the virus in school.

Please note that all COVID+ messages sent by the district are archived on our website at
