

Trenton's 60 Day Rainmaker Challenge

Accountability Document

Whats up G's. This will be the accountability document you will use to keep yourself on track and also accountable to your fellow G's to hold up your commitment to become a Rain Maker.

Upload this to the Agoge Competitions Chat at the end of every day so we can monitor your progression and help you where you need it.

Tag me when you upload this. This will help us all better understand the situation you are in and how to help you GET WHAT YOU WANT.

What is the critical task you completed today that is moving the needle most?

- **GWS on pushing v.4 of my paid google ads live for my client.**

What were your achievements today?

- Finishing v.4 of my paid google ads campaign

Twilight review on the day:

- I'm sick and tired of being a brokie, let's get this money.

Wins:

- Completed v.4 of paid google ads campaign for my client. Which when i crush will land me rainmaker, make me \$500 and increase my belief in myself to go out and scale and become financially free

Losses:

- It's 10:31 PM and I still haven't trained. Going to do body weight exercises and treadmill before bed

Insights learned today and how you will apply them to hit your goal:

- Today i felt a burning desire to win. Why? Because i have kept my flame alive all weekend by doing client work and outreaching.
- I've been keeping the dream outcome for my client and myself top of mind.
- Locked in and focused on the process map, and tasks i have to do to crush my client project and get a new client

Tomorrow's tasks:

- Review v.4 paid google ads data and re-tweak as needed
- Send DM to lead prospect
- Do market research and top player analysis in preparation for sales call tomorrow evening.
- Daily Checklist

Any other thoughts you have on your current situation and what you need to work on:

- I've been in the trenches the last 3-4 days. Need to come up for air and review my conquest planner and make sure my daily tasks are reflecting my planner.
- I know i can get more done in the day by waking up early and working. It is difficult due to always staying up late at night to work, but tonight its only 10:36 am and im done for the night so i can go to bed early and wake up early to get that extra GWS in
- Need to channel more urgency and work with more speed. I will make the rest of this year my bitch.
