Ordering Commissions

1. If interested in a commission, send me a note containing what you would like to order, and the refs of all characters involved, (up to the hard limit specified) and their poses/actions. If you aren't sure exactly what you want or who you want it with, I am willing to discuss what you would like in order to narrow things down.
2. Once I finish the sketch for your order, I will send you a link to the sketch. At that point, you can request reasonable changes if needed.
 - Reasonable changes include suggestions for pose fixes, along with minor details to clothing and etc that I may have forgotten.
 - I will attempt to have a sketch provided within one week in from ordering, but preferably within two days.
3. Once a sketch has been deemed satisfactory, I will request your paypal email such that I can send you a payment request.
4. Once payment is received I will then complete the commission, finalize it with you, and upload it onto FurAffinity, and any sites that I commonly use.
 - Completion should be within a week. Any later, and feel free to ask about progress.
 - If I end up forgetting any minor details (tiny appendages, jewelry, etc), again, let me know, and I will fix them.
 - For digital commissions only, if you want to upgrade the type, the remaining amount will be requested before I begin coloring/shading.
 - If you wish to repost the commission, please link back to my original submission.
