

Week 1 Daily CG question Easter 4/9/23
"Message Series Week 1" Groups week 1

Question for the season: What brings/steals your joy and peace?

This question is intended to be answered by one or two people each week (depending on group size). Every week a new individual will have time to answer that same question. The goal is for this question to be very tangible life based so please talk about specific things like relationships, habits or events that either add joy and peace or diminish joy and peace.

Main verses for the week: The main theme verse for the week will be listed here.

Day 1 - Each day will have a question, experience or task that is meant to be responded to or done that day. This is what will be discussed at the group during the meetings.

Day 2

Day 3

Day 4

Day 5

The rhythm we desire to create with the questions is as follows

Day 1 - introduce the scripture and study it / Guidance - ask God to lead you through this week

Day 2 - Space for reflection and prayer - Time to reflect on how the content applies to you and space to ask God to speak and reveal any specifics He wants you to see. Also possible space to journal and process how this connects to your life.

Day 3 - Repent - Reflect on where you have messed up, confess and apologize to God for that and maybe even ask someone for forgiveness. Analyze where things are off and repent of that. Accept forgiveness as a Child of God and leave it behind you.

Day 4 - Tangible hope / generosity / serve - Find a way to live out the content being focused on.

Day 5 - Worship / Celebrate / Encourage - Journal to God all the things you are thankful for and acknowledging all the ways He has blessed you. Maybe express your gratitude to someone directly and encourage them.
