Web Stores

The below are owned by me (wigitgetit). But I will be consulting Adam Garrity to see if he wants to use them for the main store. I bought these for our community to use. I will not be trying to sell them to Adam for coin.

maryjshop.com (Owned) We can turn this into a store.

shopmaryj.com (Owned) We will redirect this site to the site above.

Once we have a payment gateway for MaryJ I will selling products on the below site for MaryJ and BSTY.
