Welcome to the team!

Valkyrie Sporthorses is looking to work with the dedicated rider and owner who wants to further their riding career. The rider should want to be a part of a larger team and build upon existing foundations in their riding to maximize their and their horse's potential. The rider must want to commit to weekly training to make long term improvements in their riding and horsemanship.

If you have not yet trained at Valkyrie and would like to try it out, message us to book an intro lesson at the discounted rate. We know you will be ready to join the team and train with us!
