## **MSAD #51 Mission**

The mission of MSAD #51 is to guide all students as they acquire enthusiasm for learning, assume responsibility for their education, achieve academic excellence, and discover and attain their personal best.

## **Strategic Goals**

### **Skills for the 21st Century. Skills for Life.**

Students require portable and transferable skills to be successful in the 21st Century. Together, we can redesign what it means to be a Greely Graduate who *Leads the Way*.

### **Early Childhood Education, The Critical Building Block**

Review the district's long-term elementary education program and structure, including options for three and four year olds, optimal grade spans, and facilities that address projected enrollment increases over the next decade.

### **Every Student College & Career Ready**

What should students learn? How do we know they're learning it? What do we do when they're not learning it? What do we do when they already know it?

### **Wellness: Foundation for Teaching & Learning**

Promote wellness initiatives that advance and sustain healthy, balanced, and well-rounded students and staff.
