

Vision Church Reading Plan March 2025

Can you believe that we are already at the beginning of March? 2025 sure is moving pretty quickly. As a church we are hungry for the word of God, and as we seek God through His word we learn that He sustains us and guides our steps. Through the month of March we will continue with the book Genesis.

If you participated in the reading plan last month, you learned that the word Genesis means beginning. Moses is accredited with writing Genesis. This book starts off with the creation of the world and then progresses by showing us God's interaction with His creation. In Genesis we see God choosing to show His kindness and provision to mankind, as well as many stories of people choosing whether or not they are going to be faithful to God in spite of their circumstances.

I hope you're enjoying this text and noticing through these stories that the Bible is not boring. As you take your time, the Holy Spirit will help you see how you can relate to the people within these passages. There are many rich life application principles that we can grasp from this old text. As you read through, I challenge you to read and see through the lens of faith. The patriarchs in Genesis walked by faith by believing God's promises. We walk by faith by looking back to see what God has already done, but the people in this text walked by faith by trusting that God would do what He said He would do.

When setting time aside each day to read the word of God, also take a moment to thank Him for His Word. Ask Him to reveal Himself to you, and to help you hold His word dear to your heart. Remember that the words found in Scripture are inspired by the Holy Spirit. As you read His Word you are spending time with Him. The more time we spend with Him, the more we are able to filter all we face in life through His word.
