

Hi Coach!

In 2026, we will accept all Player Profiles and Roster Submissions online only. Roster submissions (First Name, Last Name, Email, Address, Phone, Birth Date) are required for all teams participating in a Fastpitch Showdowns event.

Player Profile submissions are optional (mandatory for the Buckeye RecruitFest) and collected for the College Coach books that we prepare for all of our events for players in the 14U, 16U and 18U divisions. **Submitting a Player Profile for all participating athletes is a requirement for participation in the Buckeye Showdown RecruitFest.**

In order to be included in the College Coach Player Profile Book and Database, rosters MUST be submitted by the dates below. Due to printing constraints, we cannot add players to the books after the date below. Players added to rosters after this date will be included in the digital player addendum sent out to college coaches after the event.

- Capital City Showdown - May 22
- Mountaineer Showdown - May 29
- Motor City Showdown - June 19
- Buckeye Showdown RecruitFest - July 2
- 16U, 18U, 18+ All Sanctioned World Series - July 9
- 14U All Sanctioned World Series - July 16
- 8U, 10U, 12U All Sanctioned World Series - July 29

If you need to add a player after this date, you must bring their information and proof of age when you check in.

By default, only the person who registered the team is able to submit player profiles/rosters. If you want someone else to submit player profiles/rosters, please add them to your roster and then email us at ash@fastpitchshowdowns.com. Include your team name and the name of the person you wish to have access so we can grant permission on our end. Please allow 48 hours for your request for access to be granted.

To submit your Player Profiles / Rosters

1. Go to www.teamsideline.com/fastpitchshowdowns and log into your account.
2. Once you log in you will see Manage Rosters. Click on your event or click All Rosters.
3. Once you are on your specific event, click Add to Roster and fill out the necessary information. All fields with an asterisk are required. Non-asterisk fields are optional and are used for the player profile books for 14U, 16U, and 18U teams.

4. If you are adding additional players, click Save and Add and repeat the process until all players are added. You do not need to add all players at one time. Once you have entered your full roster, click Submit so we receive a notification that your roster has been submitted. You can add players or update information for players as changes occur up until the week of the event.
5. If you are participating in multiple events, when you click on Manage Rosters and select your subsequent events, you will see the Copy Roster option. This allows you to only enter the information per player once and copy that information to additional events.

We have created a video to help you with the process step by step.
