ABSTRACT

The abstract should be a paragraph, summarizing the purpose, scope and results of the study. The word count of the abstract should be between 150-350 words. The font "Times New Roman" should have been used in the full paper. The abstract should be written with the Word processor and sent as a ".doc" or ".docx" file to the congress system.

KEYWORDS: 3-6 words (comma separated)

CHAPTER 1 TITLE

The section title should be 12pt dark and uppercase. Section headings must be numbered sequentially. One line of space should be left before and after the chapter title. A line of space should be left between paragraphs in the text. The text should be written as single-spaced and 1.15, and should be leaned against the left and right page boundaries. A margin of 25mm should be left on the left and right of the page, 30mm at the top and 25mm below.

1.1. Subheading

The subheading should be 12pt dark and italic. The first letter must be uppercase and the other letters must be lowercase. A line should be left blank at the top of the subheading. There's no space underneath.

2. TABLES

One point should be preferred in the font size of the tables. Table size (8-12) can be between pt. Tables must be numbered sequentially. The title must be at the top of the table and leaning left. A line of space must be left before and after the title. The table must be centered. Reference should be made to the end of the table article.

Table 1. The rotation value of the ground floor (Celep, 2012).

Section	Rotatio n (rad)	Rotatio n (rad)
Colum n	0.126	0.489
Beam	0.563	0.635

3. SHAPES, GRAPHICS AND PHOTOS

One point should be preferred in the font size of the shapes. Shape size (8-12) can be between pt Shapes and shape headings should be centered, numbered sequentially as shown at the bottom. Reference should be made to the end of the figure writing. A line of space should be left after the figure title.

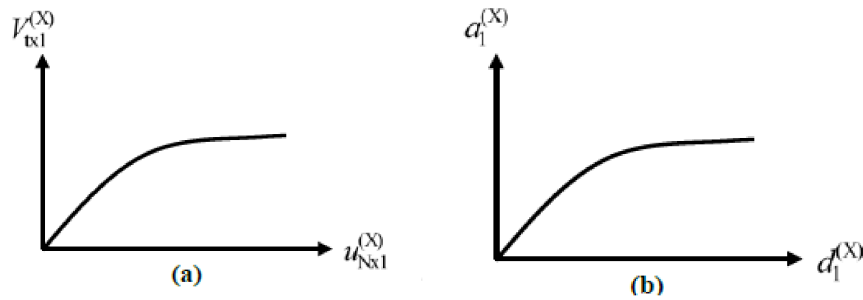

Figure 1. Cutting-displacement (a) and modal acceleration-modal displacement (b) curves (Celep, 2012).

4. EQUATIONS

One line of space must be left before and after each equation. Equations should be centered, equation number should be just right. Equations must be numbered sequencing.

$$Y = 2x^2 + ax + c$$

Equation1
