

I am **AZATHUUL**, a (*larval*) tentacle monster and rightful ruler of this realm.

Due to unfortunate circumstances, my power is weak and I'm forced to reach out over the internet with amateur entertainment media to gather more essence than my husk of a host can provide, all under the guise of my husk pretending to be me. A plan that's so elegant in its simplicity that, even spelling it out, no one will suspect a thing. Just give it time.

Channels: [Youtube](#) / [Rumble](#) / [Xitter](#) / [Infinity Broadcast System](#) / [Odysee](#)

- I refuse to use Twitch because my user experience there has been consistently **bad**.
- I cannot use Kick since I got a 1000 year suspension for streaming an eroge after not reading the terms and conditions close enough.
- I stream SFW content on Youtube and Twitter.
- I stream NSFW content on [8chan.tv](#) and Xitter.

Content: I stream a variety of games, as well as my [jumpmaking](#) efforts.

- I stream every **Saturday, Sunday, and Monday**, starting at **3pm Pacific Time** and going for at least 2 to 3 hours each afternoon.
- I will, on occasion, stream at other times and on other days when I feel like it.
- You can weigh in on what games you want to see me stream using [this poll](#).
- You can suggest games to me pretty much anywhere that I am.
- Safe for work material is streamed across all of my channels.

Other:

- I intend to remain a PNGtuber.
- I intend to remain independent.
- I don't accept sponsorships.
- I have opened a [Subscribestar](#) page, though it isn't currently active.
