What to Expect

Begin with pickup at your hotel in Cancun or the Riviera Maya, then travel to Mayan Jungle Rush, where your experience begins in a jungle setting. Start by soaring through the trees on a series of ziplines, then cross hanging bridges that challenge your balance while offering a unique view of the forest canopy. Return to the ground and trade your zipline harness for a ATV, then follow a guide down rugged jungle trails, bumping over rocks and roots surrounded by thick forest. Finish the day Yucatan style by cooling off in a cenote: you can zipline, cliff-jump, or take the stairs into the underground pool, which is part of a massive limestone cave system carved by freshwater. Return to base to refuel with a light snack (photos of the day are available for purchase), then make the return trip to Cancun and the Riviera Maya, where this tour concludes.
