

One Bundle for All Your Troubles!

Hi everyone! Emily here.

You all know me - I'm a sucker for comprehensive solutions, and always passionate about creating tools that help people like myself through their everyday struggles without unnecessary stress and tears.

Sometimes, however, the hurdles that life throws at us can be difficult to put into one box and solve using familiar methods. I understand that creative problems require creative solutions, and that sometimes just one angle of attack isn't enough.

As much as I'm for bringing order to chaos and removing stress, I'm definitely not a staunch believer in keeping to the rules. So, while it may be a little early for Christmas gifts, I wanted to give you guys something that fits *all* the boxes at once without letting down function and interactivity. A magic potion, if you will, to turn you into the Jack-Of-All-Chores that you've always wanted to be.

That's right. All in one, no holds barred -

Announcing – my Limited-Time 30% Off Bundle Offer!

Wedding to arrange and little time to do it? No problem! Looking for a more interactive way to take notes on groceries and meals than simply writing the figures down in terms of dollars and cents? Got it right here!

With this exclusive bundle offer, you'll be spending less time on brain-numbing paperwork or number crunching and more time on doing things you enjoy!

Keep a tight track on your financial affairs with the Emergency Fund Tracker, Small Business Manager, and Budget by Paycheck, watch your lifestyle with the Fitness and Habit Trackers, and make sure that those complicated tasks get done right with the Wedding Planner, Automated Calendar, and the Client Manager!

However, while the uses of the included spreadsheets are almost infinite and the benefits you gain from them might last forever, this offer will not. The 30% Off deal will only be available in my store for three days, but during this time you'll be able to snap up the organization suite you've been needing for (TOTAL PRICE OFF HERE) less than the usual price!

Life is a journey of the unexpected, but that doesn't mean that you can't be prepared for everything and anything. With just a little help, even the most persistent and annoying issues can be things of the past that you never have to lose sleep over again! You've got this, I know it!

Hoping to see you guys on my website soon – don't miss out!
