

***Latin Honors Internship Program---Teacher Evaluation Form***

The student named below has applied for participation in the Farmington High School Internship Program. Please give us your feedback on this student. Having teachers complete and submit this form is an essential part of the Internship Application. Any student information you provide will be confidential. Students will acquire career experiences through part-time employment, volunteering experiences, and/or mentorships. We are offering an opportunity for students to participate in internship activities which will focus on their specific career interest. These supplemental learning experiences will give students opportunities to explore and fit themselves into the world of opportunity beyond the high school classroom. It will afford students hands-on learning that cannot be replicated in the classroom.

**Please return this form to Mrs. Redmond in the Athletics office or to Dr. Reeves' mailbox.**
