About two hundred years ago  
Our planet entered World War  
When North Korea dropped the bomb on Seoul

At once, their allies came to aid  
And China vs. USA  
Made ol' Japan real worried it would go

The government pumped lots of yen  
Into our manned spaceflight program  
In fourteen years, we had an ark  
To the nearest star, we would embark

They chose the brightest of our youth  
To see our species live on through  
Among that group were me and you

Oh Sayaka, oh Sayaka  
Our voyage past Andromeda  
Is going to take us centuries  
So meanwhile, won't you share with me  
The reason why you had that knife  
Oh, why'd you try to take my life?  
Please give me a clue as to what's going on inside

At first, our cruise went swimmingly  
We got along like family  
Of course, we knew each other from Hope's Peak Academy

But not everyone was satisfied  
Aoi couldn't swim, Sakura couldn't fight  
And it's hard to play ball when you lack both space and gravity

But when you saw me struggling  
You picked me up, taught me to sing  
And play guitar, though I was nervous  
Your act of service gave me purpose

And now I sing this song for you  
'Cause I don't know what else to do  
I can only hope that this gets through

Oh Sayaka, oh Sayaka  
Our voyage past Andromeda

Is going to take us centuries  
So meanwhile, won't you share with me  
The reason why you had that knife  
Oh, why'd you try to take my life?  
Please give me a clue as to what's going on inside

Well, not quite eighteen decades in  
Our patiences finally wore thin  
(It turns out frequent cryosleep makes a person really crabby)

To keep us from going insane  
Chihiro wrote a VR game  
So we could take out all our stress without actually turning stabby

Junko and Hifumi put their heads together  
Came up with a script that we thought was clever  
Trapped in Hope's Peak by a teddy bear  
We'd be forced to kill each other 'til we cleared the air

When we woke up, we all agreed  
That we could now live peacefully  
Except for me, 'cause sleep evades me

Sayaka, oh Sayaka  
Can I just ask you why  
You felt the need to target me  
Soon as we got inside  
If I've somehow upset you, then  
I'd like to make things right  
But I don't know how you're feeling  
You've been silent since that night

I guess I'm really worried  
Well, you could say I care  
I'd like to let you know I'm sorry  
For killing you back there  
You are my favorite person here  
I'm really glad we're both alive  
It's difficult to hold these tears  
When you decide to hide

Sayaka, oh Sayaka  
Please tell me you're alright  
The only thing I want right now  
Is just to hold you tight  
I've never felt like this before

In my entire life  
I don't know how you're feeling  
And, for once, that's not alright

I want to make things right

What's going on inside?

What's going on inside?
