### Self - Evaluation

#### **What went well?**

- 11 new onboards to nova (now 35 total)
- PBA-X onboard (\$100 for PBA)
- Majority new faces from Consensus and growing popularity
- Central location in city
- Took time to have deep Polkadot conversations with each and every guest
- At least 3 guests posted about it on X
- VERY good vibes

#### **What can be done better?**

- Location was pricey
- Location was loud
- Ticket sales were an afterthought (after we reached capacity) but we sold 4
- Will try new system where free ticket if attended last week, otherwise “buy-in” required
