**Date: January 17, 2025**

Dear Parent/Guardian,

Per Ohio's Senate Bill 288, effective with the 2023-2024 school year, school districts are required by law to provide developmentally appropriate instruction in child sexual abuse prevention for students in grades K through 6. The purpose of this instruction is to educate our students on these critical topics and empower them to recognize, prevent, and respond appropriately to such situations, for themselves and as an upstander.

In February the Educate to Protect curriculum will be provided to your child's class. Please click the grade appropriate curriculum [Here](#). Once you've reviewed, you can choose to [Opt Out](#) of participating in this required instruction. Opt Out forms should be submitted by Friday, **January 31st**. Should you wish to opt your child out of any individual topic or all of the topics, they will be provided with a different activity in an alternate location.

We firmly believe that open communication and collaboration between school and home are vital for the well-being and success of our students. We encourage you to engage in meaningful discussions with your child about these important topics and reinforce the knowledge and skills they acquire through this instruction.

If you have any questions or concerns or would like to review the resources for this program, please contact the office.

We value your partnership and appreciate your ongoing support in our shared mission to safeguard our students.

Your partners in education,

Mrs. Sarah Rivera, Principal

Mrs. Vicki Ludwig, School Counselor
