

7th Grade History Module 3, Lesson 3 Review Questions

Don't forget to restate and to put your codes (or page# and paragraph#)!

1. Who was Andrew Carnegie? How did he make his money in the beginning of his career? What industry did he join in 1873?
2. What was the Sherman-Antitrust Act? How effective was this law? Give examples from the text.
3. Explain vertical and horizontal integration. (look at the picture chart next to it to help you remember)
4. Who was J.P. Morgan and how did he make his money?
5. Who was John D. Rockefeller? What industry did he make all of his money in? How?
6. Explain how these 3 men mentioned above can be both "captains of industry" and "robber barons" - how is this possible?
