Data collection

Has any data been collected for this study already? Note: 'Yes' is a discouraged answer for this preregistration form.

- Yes, at least some data have been collected for this study already
- No, no data have been collected for this study yet
- It's complicated. We have already collected some data but explain in Question 8 why readers may consider this a valid pre-registration nevertheless.

Hypothesis

What's the main question being asked or hypothesis being tested in this study?

Text box

Dependent Variable

Describe the key dependent variable(s) specifying how they will be measured.

Text box

Conditions

How many and which conditions will participants be assigned to?

Text box

Analyses

Specify exactly which analyses you will conduct to examine the main question/hypothesis.

Outliers and Exclusions

Describe exactly how outliers will be defined and handled, and your precise rule(s) for excluding observations.

Text box

Sample Size

How many observations will be collected or what will determine the sample size? No need to justify the decision, but be precise about exactly how the number will be determined.

Text box

Other

Anything else you would like to pre-register? (e.g., secondary analyses, variables collected for exploratory purposes, unusual analyses planned?)

Text box

Name

Give a title for this AsPredicted pre-registration. Suggestion: use the name of the project, followed by the study description.

Text box

Finally

For record keeping purposes, please tell us the type of study you are pre-registering.

- Class project or assignment
- Experiment
- Survey
