

Privacy Policy of **Inventory Management / Inventory Management Simple - Also applicable for Inventory Management Pro:**

This Application collects some Personal Data from its Users.

Policy

Personal Data collected for the following purposes and using the following services:

1. Analytics: **Google Firebase Analytics: Cookies.**
2. Analytics and Ads: **Google Adsense: Cookies.** (Not applicable for the **Inventory Management Pro** app)
3. Ads: **Google Admob: Cookies.** (Not applicable for the **Inventory Management Pro** app)
4. Local Storage for app on Device: Inventory data including item data and transactions are recorded **on the local database of the app on the device.** (Not accessible by the Developer or Google).
5. For the paid app, No refunds will be processed after the given grace period by Google (generally 15 minutes after you click on Install/Download) - Few exceptions can be there.

The points from 1 to 3 above are services provided by Google which is the Data Controller. Please read their Privacy Policy for more details. For these services, the Personal Data may be freely provided by the user, or collected automatically when using this application. Any use of Cookies - or of other tracking tools - by this Application or by the owners of third party services used by this Application, unless stated otherwise, serves to identify Users and remember their preferences, for the sole purpose of providing the service required by the User.

For the EU users, non personalized ads are shown in the free app.

Read Google's privacy policy here for collection of cookies (Google is the Data Controller as mentioned in points 1 to 3): <https://policies.google.com/privacy#nosharing>

Failure to provide certain Personal Data (this includes cookies as collected by Google) may make it impossible for this Application to provide its services.

For operation and maintenance purposes, this Application may collect files that record interaction with this Application (System logs) or use for this purpose other Personal Data (such as interaction with the app when an error is logged). Eg: Reporting crash logs through email to the app developer.

This Application does not support “Do Not Track” requests because there is no personal data collected by the developer. Google might honor “Do Not Track” requests for not collecting usage data and cookies (Google is the Data Collector), please read their privacy policies.

Note: The developer is not responsible for any loss of user data because the app data (item and transaction data) is not collected by the developer. The user is responsible to keep the backup of his / her data (use export feature in the app). The user accepts this privacy policy if he / she downloads and uses the app.

Changes to this privacy policy:

The Developer of this application reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Developer of this application has about Users.
