

10th Annual Westside River Rendezvous, which was organized by Chattahoochee Riverkeeper 11/23/2024

On the chilly morning of Saturday, November 23<sup>rd</sup>, we participated in the 10th Annual Westside River Rendezvous, which was organized by Chattahoochee Riverkeeper.

We first met for a training at the Rebirth of Atlanta Pavilion at Westside Park. Then the First Step team members and parents were assigned to several teams, each responsible for collecting water samples at two different sites. All teams completed the task by collecting water samples and returning to the Westside River Rendezvous staff in time. The samples will be sent to labs for testing and analysis. We are proud that we made contributions to help monitor the health of our local creeks and streams.

Training Before Starting Out

Team Picture

Team members who attended this volunteering activity were:

Jason Ling, Alissa Cheng, Rachel Li, Ella Jing, Mitchell Kuang, Andrew Kuang, James Cheng, Kyle Lin, Hope Liu, Carter Guo and Abbie Qin.
