

Geometric Group Theory in Campinas 2018

Day 1 schedule

14:00 -- 14:45 - Martin Bridson <i>Recognising finite quotients of finitely presented groups</i>
14:55 -- 15:40 - Kai-Uwe Bux <i>Arc matching complexes and finiteness properties of braided groups</i>
15:40 -- 16:10 - Coffee Break
16:10 -- 16:55 - Brita Nucinkis <i>An irrational slope Thompson's group</i>
17:05 -- 17:50 - Collin Bleak <i>On finite generation and Simplicity for groups of homeomorphisms of the Cantor space</i>
18:00 -- 19:00 - Poster session + Welcome juice cocktail
