Let's be honest...

Your hair is as rare as a white man in a rap video

It's getting to the point where you're embarrassed about going to the barber (for obvious reasons)

Or even going to the pool with your buddies

Because when the hair gets wet, that's when the jokes start to come in...

"Mr. Proper", "Bald-head", "Baldie"... I'm sure you've heard them all

And if it was the 1980's you would've had to accept the fact you're going bald and just live the rest of your life as a miserable hairless man

But thank god for modern science

Because we've come up with an EXTREMELY easy to use solution that will bring back pride and confidence to your bald scalp in less than 60 days

So if you're sick of hearing bald jokes and don't want to end up living a hairless life...
