Assignment 1: FEEDBACK ON OUR CARS (FIRST TO YOU SEE)

Audit the first 10 cars you see in the GARAGE

What are your comments about their body, colours, look and feel? Please use the table below in your assignment to classify your feedback on each car. For paint finish, you can select the default colour in paint customisation for all four finishes and review it.

Also, comment on the Acceleration, Speed, Braking, Car Tuning, etc, as detailed in the sheet.

You will make a GOOGLE SLIDE PPT of the 10 cars in the garage (one per slide) describing the details you entered in the two tables.

Assignment 2: ADDING CARS

If you were to add 15 more cars to our game (refer ONLY to [HUM3D](#)), which cars would you add and why?

Assignment 3: Competition Analysis

Play our top competitor's game - Car Driving Parking School, here ([iTunes](#))

A: Detail 5 top qualities about the competition game's cars that we are missing in our games

B: If you were to replicate any 5 cars that the competition has that we don't, which cars would they be and why? Take screenshots of the competition cars that you choose and then add them to the PPT

Add these details to the PPT you are making.

Assignment 4: ANALYTICS
