

Privacy Policy – MealVision

Effective date: June 22, 2025

MealVision is a fully offline mobile application that helps users track their daily calories and macronutrients using AI. Your privacy is important to us. This privacy policy explains how we handle your data.

1. No Account or Login Required

MealVision does not require or support account creation. We do not collect names, emails, or any other personal identifiers.

2. Offline Data Storage

All user data (e.g. age, weight, meals, goals) is stored locally on your device and never uploaded to any external servers.

3. AI Usage

We use Gemini 1.5 Flash API to process:

- User information (age, weight, activity level) for goal calculations
- Food images for nutritional estimation

Only the necessary data is sent securely to the Gemini API. No data is stored by us or third parties after processing.

4. No Ads or Tracking

MealVision contains no ads and does not track your activity.

5. Data Control

All data remains on your device. You can delete the app at any time to erase all stored data.

6. Contact

If you have any questions, contact us at: batuhan1907aktas2@gmail.com
