# Privacy Policy for zArrow

Last Updated: September 26, 2026

## 1. Introduction

Welcome to zArrow, a simple and fun arrow puzzle game developed by A Cyber Soft.

We respect your privacy. This Privacy Policy explains how zArrow handles your information when you play the game.

## 2. Information Collection

zArrow does not collect, store, or share any personal information.

The game does not require you to create an account, provide your name, email address, phone number, or any other personal details.

## 3. Advertising

zArrow is completely ad-free. The game does not display advertisements or use advertising services.

## 4. Data Storage

zArrow does not transmit personal information to any external server.

Any game progress or settings, if stored, remain on your device.

## 5. Third-Party Services

zArrow does not use third-party advertising or analytics services to collect user information.

## 6. Children's Privacy

zArrow is a simple puzzle game for users of all ages. Since the game does not collect personal information, it does not knowingly collect personal data from children.

## 7. Privacy Policy Changes

We may update this Privacy Policy from time to time. Any changes will be posted on this page with an updated revision date.

## 8. Contact Us
