Background

USAID Adolescent Reproductive Health (ARH) is a five-year project funded by the U.S. Agency for International Development (USAID). Led by CARE Nepal and in partnership with Howard Delafield International (HDI), Jhpiego, Association of Youth Organizations Nepal (AYON), and Nepal CRS Company, USAID ARH is an initiative to empower girls and boys 10-19 years of age, including the most marginalized, to attain their adolescent reproductive health rights. The project ensures the full participation of adolescents in the design and implementation of all activities. The primary goal of USAID ARH is to support adolescents to reach their full potential and strengthen public systems and private entities to create an enabling environment for healthy ARH behaviors.

JOB SUMMARY

USAID Adolescent Reproductive Health is an adolescent co-led initiative to empower girls and boys, 10-19 years and including the most marginalized, to attain their adolescent reproductive health (ARH) rights. The goal of the program is to support adolescents to reach their full potential by; ensuring they receive correct and appropriate reproductive health (RH) information and guidance to decision-making skills, creating an environment conducive to making healthy reproductive health decisions and facilitating translation of these decisions into healthy behaviors.

The employee shall fully comply with SAC Nepal, Surkhet policies and procedures and should be accountable for it.
