

# 20190401 - EOSC-hub T10.3 meeting notes

## Attendees:

Giovanni Morelli (Cineca)  
Marica Antonacci (INFN)  
Bartosz Kryza (CYFRONET)  
Giuseppe La Rocca (EGI Foundation)  
Claudio Cacciari (Cineca)  
Pablo Orviz (CSIC)

## D10.5

Missing contributions from GEOSS

TSs and CCs tables to be updated, see google doc.

Pablo and Diego to follow-up offline to agree a plan to close the doc by Fri Apr 5.

## CCs

### Fusion

<https://jira.egi.eu/browse/EOSCWP10-73>: still looking for resources.

<https://jira.egi.eu/browse/EOSCWP10-44>: no update on this. Ready @ Cineca and in other centers but we need to organise a telco.

## Marine

<https://jira.egi.eu/browse/EOSCWP10-77>: clarify if we need 3 or 2 sites (cloud and data providers can be the same ?) and identify the other sites that will work with Cyfronet. Bartosz will start to deploy the data provider in Cyfronet and Diego will look for other providers.

## EPOS-Orfeus

Enol to give an update on the status

## LOFAR

<https://jira.egi.eu/browse/EOSCWP10-84>

<https://jira.egi.eu/browse/EOSCWP10-85>

No enough information from the JIRA tickets. Needed more information.

Action on Marica: sending a mail to the CC mailing list with Gergely in CC.

<https://jira.egi.eu/browse/EOSCWP10-80> : Activity has been already developed in EOSC-pilot. To be check the current status with Nicolas. Action on Diego

Action on Diego: provides T10.3 with the mailing list of the CCs. Check with Gergely if there's a calendar of CCs meetings.

## Thematic Services

### DODAS

See slides in google folder

### OpenCOASTs

Pablo to have a meeting this week with the TS.

Diego to send the google doc with the status about AAI integration between different OIDC services.

### LifeWatch

Claudio: teleconference with the new people in CC. A roadmap will be redefined.

## Other cases

### Raman

Currently the use case is blocked for lack of human resources

### Max CoE

Meeting agenda: <https://indico.egi.eu/indico/event/4566/>

Minutes:
