

Chagrin Valley Islamic Center (CVIC): A Documented Pattern of Radicalism, Antisemitism, and Anti-Christian Hostility

Prepared for submission to Concerned Residents of Solon and Surrounding Communities
Date: April 2025

Executive Summary

This dossier outlines a series of sixteen (16) documented incidents involving the Chagrin Valley Islamic Center (CVIC) of Solon, Ohio, demonstrating a consistent pattern of radical rhetoric, antisemitic affiliations, and anti-Christian sentiments. The report includes content from public sermons, social media posts, speaker invitations, and community responses. It reflects growing concerns among Solon residents that CVIC is fostering an environment hostile to Jewish and Christian citizens. Despite repeated requests from Solon city officials, CVIC has refused to issue a formal condemnation of antisemitism.

Examples 1 & 2 (Pre-October 7, 2023 Occurrences)

Example 1: CVIC Publicly Advertised Yasir Qadhi as Speaker, Then Quietly Cut Ties

In 2021, the Chagrin Valley Islamic Center advertised Shaykh Dr. Yasir Qadhi—an Islamic preacher with a history of antisemitic and extremist rhetoric—as the headline guest speaker for a major Zoom fundraiser. Qadhi has called Jews 'crooked nose white Khazars', encouraged people to read Holocaust denial literature such as 'The Hoax of the Holocaust', and made disparaging comments about 'Zionists' and Zionism openly and regularly. After emails from concerned residents were sent to Solon city officials, CVIC quietly removed Qadhi from the event and never addressed the controversy publicly.

Example 2: CVIC Leadership Spread Anti-Israel Narratives and Supported Protests

Simee Malik, CVIC co-founder and vice-president, publicly promoted anti-Israel protests on her personal Facebook page. In 2021, she reshared a post claiming that Israel was engaging in 'occupation/apartheid' and implied that Israel commits 'massacres'. She also updated her profile picture with a 'Free Palestine' frame and promoted a Cleveland protest where chants such as 'From the river to the sea, Palestine will be free' were heard—an expression widely recognized as a call for the elimination of Israel.

Examples 3-16 (Post October 7, 2023 Occurrences)

Example 3: CVIC Petitioned Against Solon Police Department's Antisemitism Statement

On October 19, 2023, CVIC launched a petition directed at the Solon Police Department, Solon City Hall, and the Solon School District in response to Solon's police department releasing a statement of support for Israel and the Jewish community following the October 7 Hamas massacre and the subsequent calls for 'Global Day of Jihad'. Rather than stand by the city's statements by condemning Hamas and antisemitism, CVIC accused city officials of taking actions that perpetuate 'Islamophobia' and of ignoring the concerns of Muslim residents, stating that the city should take a 'very vocal and aggressive stance supporting not just one community [implying Jews] which it should, but also one political entity [implying Israel]'. This petition shows CVIC's political orientation and unwillingness to stand with the Jewish community and city officials in moments of crisis.

Example 4: CVIC Youth Page Promoted Blood Libel and Radical Groups

CVIC's youth Instagram account (@chagrin_valley_islamic_youth) promoted content from the Palestinian Youth Movement, Al-Awda, the Party for Socialism and Liberation, and CAIR, groups known for glorifying terrorists and calling for Israel's total erasure 'from the river to the sea'. The account reposted false claims that Israel bombed a Christian hospital in Gaza, despite evidence it was struck by a misfired Islamic Jihad rocket. One post regarding Gaza included a prayer asking Allah to 'accept their martyrs'. Followers were encouraged to 'pull up' to a radical anti-Israel protest, hosted by openly antisemitic and pro-Hamas groups such as CAIR, Al-Awda, the Palestinian Youth Movement, the Party for Socialism and Liberation, and others.

Example 5: CVIC Youth Educator Musa Sugapong Justifies Terrorism

Musa Sugapong, who according to the CVIC website leads or has previously led high school youth programs at CVIC, shared inflammatory posts accusing Israel of 'ethnic cleansing' and that 'The Israeli military and government lie like they breathe'. In one Facebook post, he asked: 'If you were a Palestinian in Gaza and had access to a weapon what would you do? ... Wouldn't you speak back with terror?' This rhetoric dangerously rationalizes terrorism and was shared by someone responsible for mentoring youth at CVIC.

Example 6: CVIC Partners with CAIR Despite Pro-Hamas Comments

CVIC has repeatedly hosted and partnered with CAIR-Ohio, including for interfaith events and political strategy sessions. On October 7, 2023, CAIR-Cleveland's Executive Director Faten Husni Odeh shared a number of posts glorifying the Hamas terror attacks, including a graphic depicting paragliders and another post celebrating the 'breaking of the siege' on Gaza with images of burning Israeli tanks and Hamas militants tearing down the border security fence. Odeh's posts remained public for several days, drawing outrage from local Jewish leaders and prompting calls for her resignation. Despite this, CVIC continued to publicly embrace CAIR-Cleveland and its leadership, never issuing a statement condemning Odeh's glorification of terror. On November 24, 2023, CAIR National Executive Director Nihad Awad publicly stated at a CAIR conference that he was 'happy' in response to the Hamas terror attacks on October 7. The Biden administration severed ties with CAIR in response. CVIC has never condemned the comments or distanced itself from CAIR.

Example 7: Leaked Email to Solon Mayor Ed Kraus Criticizes Pro-Israel Residents

On October 29, 2023, a CVIC-affiliated individual sent an email to Solon Mayor Ed Kraus, thanking him for 'standing up to the pro-Israel constituency in your city'. This shows that CVIC harbors divisive narratives that local individuals who support Israel are opponents, despite the civic engagement of the 'pro-Israel constituency' being peaceful and constitutionally protected.

Example 8: CVIC Sermon Encourages Political Activism, Protests, and Boycotts

In a May 4, 2024 sermon titled 'Our Duty Towards Our Brothers And Sisters In Palestine', Shaykh Ammar ibn Yasir urged congregants to boycott companies that 'support the oppressors of the Palestinian people' and to engage in political advocacy. He falsely stated in reference to the Israel-Hamas War, 'What is literally happening is ethnic cleansing. Cleaning of an entire people'. He encouraged listeners to join protests, which as the mosque has shown with their Youth Instagram Account, are typically organized by pro-Hamas groups such as CAIR, Al-Awda, the Palestinian Youth Movement, and the Party for Socialism and Liberation, without ever condemning Hamas' actions or antisemitic slogans often used at these rallies.

Example 9: CVIC Website Displays Ambiguous 'Donate to Palestine and Gaza' Link

On its homepage, cvicohio.com, CVIC displayed a popup labeled 'Donate to Palestine & Gaza' with no explanation of where the funds were going. There was no transparency regarding the recipient organization, its use of funds, or any affiliation with vetted humanitarian groups. Given past examples across the U.S. where 'Gaza relief' funds were funneled to radical causes, this lack of disclosure from CVIC is alarming to Solon residents.

Example 10: CVIC Promotes Event Featuring Marc Lamont Hill

In multiple editions of its newsletter, CVIC promoted a CAIR affiliated event hosted at Case Western Reserve University titled 'Social Justice Institute Think Tank' featuring Marc Lamont Hill—an activist fired from CNN in 2018 after evidence of his openly antisemitic and radical comments were surfaced. Hill has praised convicted terrorists, described Zionism as racism, and supported the BDS movement. CVIC provided its endorsement of this event without disclaiming any of his inflammatory views.

Example 11: CVIC Hosted Sermon Praising Historical Jewish Expulsion, Discrimination of Christians

In a November 2, 2024 sermon titled 'Reflections on Masjid Al Aqsa', speaker Mufti Azeemuddin Ahmed read a historical quote: 'No Jews whatsoever will live in Aelia (Jerusalem) with the Christians.' He emphasized this line from the 'Covenant of Omar' without criticism, and also referenced the jizya tax imposed on non-Muslims. He spoke proudly about Islamic conquest and described Christians and Jews using the derogatory term 'kuffar'.

Example 12: CVIC Leader Masroor Malik Singles Out Jewish Residents

In an October 24, 2024 article in the Solon Times, Masroor Malik claimed CVIC had united in response to 'anti-CVIC comments from some Jewish speakers' at the October 7, 2024 Solon city council meeting. This statement ignored the fact that Christians, Hindus, and other concerned residents also spoke at the October 7 city council meeting regarding the situation of antisemitism, and most speakers did not disclose their religious identities during their public comments. Malik's targeting of only Jewish speakers suggests a discriminatory mindset.

Example 13: CVIC Newsletter Suggests Jews and Christians Corrupt Children

In its February 14, 2025 newsletter, CVIC featured the hadith: 'Every child is born upon the Fitrah (natural disposition to goodness). It is their parents who make them Jewish, Christian, or Zoroastrian.' This implies that Judaism and Christianity corrupt a child's pure nature. Quoting this without context in a public newsletter promotes theological supremacy and alienates Solon's interfaith community.

Example 14: CVIC Features Radical Antisemite Abdulhakim Mohamed at Fundraiser

On March 15, 2025, CVIC hosted its 'annual Iftar fundraiser' with guest speaker Dr. Abdulhakim Mohamed, CEO of NAIF (North American Imams Federations/Fellows). Mohamed has a long record of promoting hate against Jews, Christians, and America during religious sermons, stating rhetoric such as: 'The greatest of your enemies are those who said we are the Jews', and 'Aren't we this near for a mass battle and war against the Jews?' He has mocked Christian beliefs in Christ as being 'the greatest lie of all time' and called the U.S. 'the worst country on Earth.' CVIC's choice to feature him as a keynote speaker is a clear endorsement of hate speech.

Example 15: CVIC Refused to Condemn Antisemitism When Pressured by City Officials

After CVIC-supporting attendees applauded anti-Israel slogans such as 'Free Palestine' and 'Zionist entity' at the October 21, 2024 Solon city council meeting, Councilman Jeremy Zelwin confronted CVIC leader Masroor Malik on video following the November 4 meeting. Zelwin stated that he had previously asked CVIC to denounce antisemitism, and that Masroor Malik and the CVIC refused to release the requested statement. Their refusal underscores the organization's unwillingness to engage in sincere interfaith cooperation.

Example 16: CVIC Held 'Dua for Gaza'

On April 18, 2025, CVIC hosted a 'Qur'an Reading and Dua for Gaza' led by Shaykh Ammar, who had previously promoted BDS and claimed Gazans were experiencing 'ethnic cleansing'. CVIC continues to center only one political narrative under the guise of 'religious education', ignoring the suffering of Israeli victims while aligning with individuals and groups that promote radical anti-Israel and antisemitic ideologies.

Dear world,

Israel just bombed a Christian hospital in Gaza and murdered over 500 Palestinian civilians. White phosphorus chemical bombs confirmed by human rights watch was not enough to open your eyes. Over 1000 dead children wasn't enough. Will you open your eyes and act now?

Why would you care about international or humanitarian law when you know it only applies to the oppressed, not the oppressors? If terror is the only language Israel uses to communicate, the only language it apparently understands, wouldn't you speak back with terror?

... vermin to be extinguished. We have everything. If you try and take any of it away from us, we will kill you. And we will never be held accountable.

...Israel reacted with indignation and moral outrage when it was accused of bombing the al-Ahli Arab Christian hospital in Gaza, which left hundreds of dead. The bombing, Israel claimed, came from an errant rocket fired by Palestine Islamic Jihad. There is nothing in the arsenal of Hamas or Islamic Jihad that could have replicated the massive explosive power of the missile that struck the hospital. Those of us who have covered Gaza have heard this Israel trope so many times it is risible. They always blame Hamas and the Palestinians for their war crimes, now attempting to argue that hospitals are Hamas command centers and therefore legitimate targets. They never provide evidence. The Israeli military and government lie like they breathe.

Can't even make it through the night alive.

To my Muslim brothers and sisters, you don't need me to tell you what's happening. You already know; and there are many more qualified resources to hear from than me.

But to my dear family and friends, it has gotten to a point where I consider it a moral obligation to post on this issue. Gaza has been silenced, strategically having their electricity and internet cut off last night, while the massacring continues in an attempt to ethnically cleanse Palestinians from their homeland.

There needs to be an immediate CEASEFIRE in order to prevent the further loss of life and ~~slaughtering of innocent civilians, the majority of whom are innocent children. Our government and the Israeli occupiers of Palestine must be held accountable.~~

This UN Secretary General was criticized by Israeli representatives for these statements?

What did he even say against Israel?

Is Israel above reproach or is it simply that the truth hurts?

Chris Hedges: I am in the studio of Al Jazeera's Arabic service watching a live feed from Gaza City. The Al Jazeera reporter in northern Gaza, because of the intense Israeli shelling, was forced to evacuate to southern Gaza. He left his camera behind. He trained it on Al-Shifa hospital, Gaza's largest medical complex. It is night. Israeli tanks fire directly towards the hospital compound. Long horizontal red flashes. A deliberate attack on a hospital. A deliberate war crime. A deliberate massacre of the most helpless civilians, including the very sick and infants. Then the feed goes dead...

...Israel and the United States are sending a chilling message to the rest of the world. International and humanitarian law, including the Geneva Convention, are meaningless pieces of paper. They did not apply in Iraq. They do not apply in Gaza. We will pulverize your neighborhoods and cities with bombs and missiles. We will wantonly murder your women, children, elderly and sick. Dear Mayor Kraus,

I wanted to thank you for your visit to our CVIC mosque on 10/27/23, and your remarks. I agree that in times like these we need to emphasize leading with love. But I also think these times require courage, which you displayed with your visit and continued support for our community. It takes courage to stand up to the pro-Israel constituency in your own city. It takes courage to not be swept by public opinion. It takes courage to speak the truth and avoid broadbrushing entire communities. Finally, it took courage to come to our community at this time when many of us are scared, hurt, anxious, disappointed, and angry.

Thank you for your patience and continued support. Our country needs more people with compassion and courage.

Sincerely,

CVIC members and supporters pack city council chambers in support of mosque

By **MICHELE COLLINS**

More than 150 people, most of them members of the Chagrin Valley Islamic Center (CVIC), packed the Solon City Council chambers Monday, united behind the mosque and what it means to the residents of Solon. Twenty speakers, including religious leaders from numerous

Solon churches, synagogues and places of worship, spoke up in support of the CVIC, during the public comments section of the meeting.

The large group wore badges with the words, "United for CVIC, United for Peace," coming together to show their resolve against a petition that had been posted online by a former

Solon resident who had suggested closing the mosque. They also spoke out against the negative comments that were made about the CVIC by some speakers at the last city council meeting, on Oct. 7.

Masroor Malik, the finance director for the CVIC, spoke first, sharing with the attendees the many outreach

programs, interfaith services and educational programs the CVIC has held in Solon since the congregation formed in the city more than a decade ago.

He said that after hearing anti-CVIC comments from some Jewish

speakers at the last city council meeting, members of the CVIC united to stop the “misinformation being spread” about their congregation and their community.

He added that many leaders from other religious organizations had reached out to the CVIC to offer their support after hearing of the petition, which spurred their desire to speak up at council.

Several speakers stated that they had had personal interactions with the members of the CVIC, had been invited to programs at the
