

Revised 2022 schedule due to extreme heat

Dear runners and Families,

BVSD has revised the middle school cross country schedule to avoid running in extreme heat. Please replace the previous schedule with the new schedule below.

Each meet will have a girls' race and a boys' race.

- The Monarch and Platt coaches have not yet informed us which races will go first. Therefore everyone should be prepared to run at 5:00.
- In the event of inclement weather or other time constraints resulting from transportation, the boys' and girls' races may be combined or the times may be adjusted. This will be a site decision made by the host school.
