Good event, great mood from the crowd - V

An incredible experience. Met so many people from across the MW...even a woman from Paris. Even the support from cars driving by was so uplifting. South Haven made me feel proud to be an American! - L

I wasn't planning on going, but once i saw that senator pushed and restrained, I had to stand up for something. so I went and had a good time - M

Very well done. Good location. Friendly people - R

The gathering was well organized and peaceful. Traffic was heavy due to Harborfest, but it flowed well. My rough count put us in the neighborhood of 500 people, not bad for a town of 4,000 - D

The crowd was magnificent. I've never been prouder to be a member of this community - T

Such positive energy & everyone was so inspired!!!! Gives me hope!!! - D

I detest everything this administration is doing. if I don't stand up how can I complain? I brought 4 friends. all were inspired and invigorated - N

Lots of energy. Way more people there than I had expected!!!! Great signs! - M

The turnout was encouraging, the folks we met and talked with were lovely and interesting, and SHI did a great job, welcoming, ensuring safety and hydration. So glad we could join in as vacationing Chicagoans! - R

Great time with Great positive people! - R

The event was very positive. I was impressed with the turnout for the size of our town. - D

I am mad about everything with this trump regime. We are fighting against the fascists. I have had enough! - M

The spirit of the people was great. Enough is enough. No kings ever. Our church of the epiphany congregation was there in great numbers. South Haven turned out and the feeling of stopping trump was strong. - G

My first protest and for sure not my last    - M

Morality - L

I wanted to stand up for what was right and celebrate democracy in action. - N

Great - B

Lots of support. A few loud, obnoxious trucks and Trump supporters driving through squealing their tires and creating rubber smoke clouds ( not good for those with respiratory issues) but overall positive experience. - P

Great experience. We were here vacationing from the Detroit area and did not want to miss the opportunity to make our voices heard. Thanks for organizing this event! - A

It was great to see so much of my very small community coming out in opposition to fascism. I stand against all forms of hierarchy and patriarchy. - A

Great to see so many people participate and drivers honking as they drove by, in support! - N

Well-attended! democracy in action! - P

Well organized, awesome event. Thank you! - D

This country is being led by fascist dictators. we need to stop that. - J

Wonderful to see such a great turn out! - V

It was very encouraging! I hope it encouraged the discouraged around us and those in power who are standing up. - K

Nice turnout! Looking forward to the next one. - S

The South Haven protest was peaceful and effective. Trump supporters were menacing protesters by driving at high speeds close to the curbs while shouting obscenities and giving us the finger. One particularly aggressive MAGA man accelerated to 90 MPH and looked like he was headed for the most crowded part of the protest. Three South Haven police cars promptly chased him down. My friend in Colorado says they were doing the same stuff there. I think the media should be reporting on this. If there was an arrest, which I think there was, this might be worth sharing with the media. - A

I took action because I am alarmed at this administration's unconstitutional actions, lack of respect for the people of this country, quantity of grift, constant lying, and bloody minded cruelty. My immigrant ancestors fought in the american revolution and two world wars so that we would not have a king or a dictator. I speak up now on their behalf. - J

So many first time protesters, inspiring - R

Full of energy, well organized and worthwhile! - J

I was impressed by the sheer number of folks in attendance and by the overwhelming support of the passersby. It gave me hope. - E

Everyone was so kind, positive, peaceful and inclusive. Also appreciated having police presence. An awesome experience - L

Good people sharing a common goal. Well done! - J

Community is everything right now. Isolation is our worst enemy. It was so invigorating to see so many like-minded people joining peaceably to express our feelings; to utilize our constitutional rights of assembly and free speech. This was my first protest; it will not be my last! - S

Great turnout. Proud it was peaceful. - J

So inspiring - D

Great day, good turnout. The Trump pickups were childish and annoying but it proved to me we are pushing their buttons which is a good thing. I talked with a few Republicans that didn't vote in 2024. They want him out of the Oval Office. Thanks for a great event. Let's not stop the momentum! - C
