

CERTIFICATED EMPLOYEE CONTINUED EDUCATION CREDIT

Continued education on the part of certificated employees may entitle them to advancement on the salary schedule or endorsement in additional subjects. Certificated employees who have completed additional hours will be considered for advancement on the salary schedule. The board shall determine which certificated employees will advance on the salary schedule for continued education keeping in mind the financial condition of the school, the education and experience of the certificated employee, the educational philosophy of the school district, and any other items deemed relevant by the board.

Certificated employees who wish to obtain additional education for advancement on the salary schedule or other job-related purposes must notify their supervisor by May 1st of the school year preceding the actual year when advancement or addition of endorsements occurs. Additional education for salary advancement must be in the same area as the education that was required of the employee to hold the employee's current position with the school district. For purposes of illustration only, a math teacher would advance on the salary schedule only if the additional education was in math courses. The superintendent has the discretion to approve credit outside the employee's area of endorsement or responsibility.

It shall be the responsibility of the superintendent to make a recommendation to the board for the advancement of a certificated employee on the salary schedule.

The requirements stated in the Negotiated Contract between certificated employees in a certified collective bargaining unit and the board regarding continued education credit of such employees shall be followed.
