Animal Science**

S.2.3. outstanding research related performance; and

The University acknowledges the efforts of faculty and researchers to enhance the IP asset of the University and contribute to technology commercialization. IP assets include the following but not limited to patent, utility model, industrial design, copyright, and trademark. Incentives are also available to research- related performance such as for filed and registered intellectual properties (IP). Technology commercialization refers to commercialized technologies generated from research. Modes of commercialization are categorized into spinoff, startup or licensing. The criteria and guidelines are based in the USM IP Policy with Technology Transfer Protocol under Chapter VI (Granting of Incentives) and Chapter VIII (Revenue Sharing).

CHAPTER V GRANTING OF INCENTIVES

Rule 22. General Rule for Grant of Incentives. - Subject to Section 1 of Article 6 of the IP Policy, the university shall assign to the author(s), inventor(s) incentives for IP generated upon availability of fund.

Rule 23. Applicability. – Grant of incentives shall only apply for applications that have complied and passed through the process stipulated in Article 8 of the IP Policy otherwise applications made out of these stipulations can be credited however not qualified for incentives.

Rule 24. Rules for Filing Incentives. - Subject to Section of Article 6 in the IP Policy, an incentive of Php 5,000.00 shall be given to researcher/s after filing of Invention/ Utility Model/ Industrial Design/ Copyright/ Plant Registry upon receipt of IP application number, only if any of the following conditions in Rule 24.1 and Rule 24.2 are applicable.

Rule 24.1. For Patent, Utility Model, Industrial Design and Plant registry, incentive for filing shall only apply:

- (1) If the technology has been subject for technology pitching, before the grant of registration number. Certificate as presenter shall be attached together with the IP application number;

Rule 24.2. For copyrighted works, incentive for filing shall only apply if the following supporting documents are fulfilled for each case described:

- (1) If the copyrighted work refers to a book which has contributed to the scientific body of knowledge and used as textbook or reference for teaching – Course syllabi relating to the copyrighted works, or, Certificate from school library stating the copyrighted work has been indexed shall be attached together with the ISBN number.
- (2) If the copyrighted work of any form which has commercial value and contributed income generating funds to the University. Receipt of purchase of sold copies by institution or business establishments (i.e. bookstores, school libraries) shall be attached together with the ISBN number.
- (3) If copyrighted work in the form of literary work, dramatization, musical composition and audio-visual works has been adopted for filmmaking or multi-media production. Certificate from the production companies stating the copyrighted work has been used in any form of its operation shall be attached together with the ISBN number.
- (4) If the copyrighted work in the form of computer program has been adopted for operations and system in the University or other institution. Certificate from the office or institution that the copyrighted work has been used shall be attached together with the ISBN number.

Rule 25. *Incentives for Utility Model Registration.* - Subject to Section of Article 6 in the IP Policy, an additional incentive of Php 20,000.00 for every granted Utility Model if the registration has been granted.

Rule 26. *Incentives for Patent Registration.* - Subject to Section of Article 6 in the IP Policy, an additional incentive of Php 50,000.00 for every granted invention shall be given upon receipt of registration number only if the registration has been granted.

Rule 24.2. For copyrighted works, incentive for filing shall only apply if the following supporting documents are fulfilled for each case described:

- (1) If the copyrighted work refers to a book which has contributed to the scientific body of knowledge and used as textbook or reference for teaching – Course syllabi relating to the copyrighted works, or, Certificate from school library stating the copyrighted work has been indexed shall be attached together with the ISBN number.
- (2) If the copyrighted work of any form which has commercial value and contributed income generating funds to the University. Receipt of purchase of sold copies by institution or business establishments (i.e. bookstores, school libraries) shall be attached together with the ISBN number.
- (3) If copyrighted work in the form of literary work, dramatization, musical composition and audio-visual works has been adopted for filmmaking or multi-media production. Certificate from the production companies stating the copyrighted work has been used in any form of its operation shall be attached together with the ISBN number.
- (4) If the copyrighted work in the form of computer program has been adopted for operations and system in the University or other institution. Certificate from the office or institution that the copyrighted work has been used shall be attached together with the ISBN number.

Rule 25. *Incentives for Utility Model Registration.* - Subject to Section of Article 6 in the IP Policy, an additional incentive of Php 20,000.00 for every granted Utility Model if the registration has been granted.

Rule 26. *Incentives for Patent Registration.* - Subject to Section of Article 6 in the IP Policy, an additional incentive of Php 50,000.00 for every granted invention shall be given upon receipt of registration number only if the registration has been granted.

CHAPTER VIII REVENUE SHARING

Rule 53. *General rule*- The University shall allow sharing of revenues from IP commercialization stipulated in Article 5 of Section 11 of the Tech Transfer Act provided that the research where the IP was obtained is funded or owned by the University; provided, further, that in case of joint ownership by other third party or entity, the University may enter into technical agreements with the third party or other entity.

Rule 54. As stipulated by Section 11 of the Tech Transfer Act, sharing of revenues between RDI and researcher shall be governed by an employer-employee contract or other related agreements, without prejudice to the rights of researchers granted under RA No. 8439 or the "Magna Carta for Scientists, Engineers, Researchers, and other S&T Personnel in Government".

Rule 55. Subject to Article 11 of the IP Policy and under the rights of the researchers granted under R. A. No. 8439 the University and the researcher(s) shall have sixty percent (60%), and forty percent (40%) share, respectively, in the revenues derived from technology licensing.

- (1) Annuity fee
- (2) Innovation fund
- (3) Admin Cost

Rule 56. In case of spin-off, the University shall have 15% of the total annual revenue which will be utilized for the following:

- (1) Annuity fee
- (2) Innovation fund
- (3) Admin Cost

Rule 56. The URDEC through the University Finance Office and Tech Transfer Office shall manage the revenue and net profit generated from IP's. Net profit shall mean gross sale minus royalty, production cost and other expenses.

Rule 57. When the University undertakes the commercialization/distribution of the technology and IP's through direct sale, the researcher shall be allotted royalty share of 15% and 20% share in the net profit.
