Cass Career Center – Room 913**Session 1****5:30 p.m.****Session 2****6:00 p.m.**

Cass Career Center (CCC) is one of Missouri's foremost public technical schools serving secondary and adult students. Come and hear about the nationally accredited career & technical programs Ray-Pec students can attend while still in high school. Information is helpful for students in grades 9-10 looking to plan ahead; only students entering grades 11-12 may apply.

Southland CAPS – Room 914

Session 1

5:30 p.m.

Session 2

6:30 p.m.

Center for Advanced Professional Studies (CAPS) programs are nationally recognized, innovative high school programs. Students fast forward into their future and are fully immersed in a professional culture, solving real world problems, using industry standard tools and are mentored by actual employers, all while receiving high school and college credit. Come here about the programs available to Ray-Pec students and how they can access them. Information is helpful for students in grades 9-10 looking to plan ahead; only students entering grades 11-12 may apply.

Summit Technology Academy – Room 911

Session 1

5:30 p.m.

Session 2

6:30 p.m.

Come and explore the programs available to Ray-Pec students at Summit Technology Academy (STA). STA is a career-focused academy designed to prepare students for tomorrow's professional workforce. STA shares their facility with the University of Central Missouri–Lee's Summit, creating a professional collegiate atmosphere for students from 30 public and private high schools. Students who are driven, focused, and passionate about discovering their future career field will thrive at STA. Information is helpful for students in grades 9-10 looking to plan ahead; only students entering grades 11-12 may apply

LEAD CENTER- Room 1111

Learning, Experiences, And Discovery

Session 1

5:00 p.m.

Session 2

6:00 p.m.

Learn more about Ray-Pec's new LEAD Center, a career-oriented education, professional skills and real-world learning experience opportunity. Programs for the 2023-2024 school year include: Carpentry, Electrical, Enterprise & Design, HVAC, Machining, and Teacher Academy. Only students entering grades 11-12 may apply, but students in grades 9-10 can attend to help learn about options for their future.

Ray-Pec Enterprise & Design Program- Room 1111

Session 1

5:30 p.m.

Session 2

6:30 p.m.

Enterprise & Design, Ray-Pec's microschool, is one of the programs offered at the LEAD Center. Offering an innovative way for students to earn both regular and dual credit, E&D allows students to explore multiple career options by working with business partners in the KC metro area to solve problems. Coaches in various subjects including English, social studies, business, media, and other electives also work as advisors to students and teams, building professional skills that allow them to design their schedule, set clear goals, and articulate their learning in a hands-on learning environment.

Thank you for your continued partnership with Administration, Teachers, and Counselors regarding your student's academic achievement.
