Learning to Sew with Jackie

What? 2 hour blocks of “Learn to Sew” small group lessons for children.

Where? Wells ME

Cost? \$25 per 2 hour group lesson (no more than 4 children). Children can opt to create from materials offered at no additional charge or they can bring their own fabric.

Who? Jackie has been sewing since her early 4-H days and has taught dozens of children how to sew over the course of the last 20 years.

What to bring? Sewing machines, materials and notions provided. If your child would like to bring their own sewing machine, they can as long as they are independent in setting it up or if an adult sets it up for them. (If your child needs to learn their sewing machine, a private lesson can be requested.)

What will a lesson entail? Kids can choose their own project to bring or choose from projects I have available. (Good idea to decide project before class starts. Talk to Jackie for ideas). They will learn the parts of a sewing machine, learn to operate a sewing machine (first under ‘turtle’ speed), use scissors and an iron safely. They will be proud to have a finished project they made themselves.
