

## Ban of the Alt Ring

On or about 10/13, the DNC and RNC both became came to me that there was an alt ring being run by Alexandria Knightley. The suspected alts included Keylime Keith, jshcrffx, Diana Whitecastle, and others. This was due to the accounts being created at similar times, having similar setups, talking about each others' activity and interacting with each other, having similar skill sets, having an unusually strong grasp of the sim for new players, and clear vote brigading behavior in favor of posts by Knightley and Whitecastle and against the players they were attacking. Alexandria Knightley, then playing as a reporter, also obtained a leaked ad, made by "jshcrffx" account at that time, that was available to a smaller circle of individuals. In addition, each individual account set their accounts to be active in our 'central state.'

On 10/14, the DNC and RNC (at the time) reached an agreement to ban the alt accounts. The information was also reported to the quad, specifically myself. After initially taking action against Alexandria Knightley, at which time she provided information leaked by a DNC member at the time, I conducted an investigation. I was not 100% convinced the new accounts were alts, though the DNC, RNC, and the majority of the rest of the simulation believed them to be incorrect, and the party bans on the individuals remained in place.

During this time, this conversation took place

Now, we get to the present

When this individual was banned for showing her cleavage in a simulation full of minors, several accounts that were inactive, became active again,

specifically Dirk Dempsey JR., who joined at the exact same time as the banned individual and was part of Central state.

During this time, I had several members of the sim express concerns over the same alts once again. One member pointed out her behavior was consistent with 'grooming' a minor. I agreed.

In addition, once Alex came back, her behavior became erratic, mentioning how 'horny' she was in a chat full of minors, talking about 'sex toys' in a chat full of minors, and other lewd behaviors in a chat full of minors.

Upon her banning, several suspicious events occurred. First, "jshcftfx" re-emerged. An account called xagt attempted to join the Democrats. Looking further into their account, the Democrats learned that they had apparently voted in Eddie's VoC thread as way of introduction into the sim. Upon following that link, the Democrats noticed four suspicious accounts. Dirk Dempsey Jr. was the first. He is another suspected alt of Alexandria. He indicated that he was voting no on Eddie's VoC. Within 3 minutes of that vote, three other accounts voted, all of whom had never had any apparent connection to the simulation before their votes.

Those accounts were xagt (whose only posts on Reddit were about Red Dead Redemption 2, a game Alexandria has been a vocal fan of), uglyautist (who shares an interest in guns with Alexandria) and RacheltheJellyFish (who shares a similar writing style with Alexandria). Later, "xagt" contacted Eddie asking why they had not been admitted to the Democrats. They indicated that they were the same person as jshcftfx.

Lastly, a member of the sim created a server called 'Girls Chat' 3 invites were created and distributed in 3 different discords

Those 3 discords were ModelusGov, Dem Chat, and Gay Chat, none of which this individual is a part of

Lastly, I have additional comments and questions for the banned individual  
Comment: I have several people who have additional evidence but are not willing to cooperate due to a fear of being doxxed or personally attacked by this person. They do not feel safe with her in the sim. Her continued participation will end their participation

Autist and alex claim to both be bengals fans, they also both claim to live in Harrisburg, uglyautist has ties back to NC (according to his cuckold posts )

where Rachel claims to live. DirkDempsey and XAGT claim to live in West Virginia.

Dirk also attempted to purchase ModelPBS with a significant amount of reddit gold, which follows the behavior of a previously banned person

Dirk had also made this post

I can't post images but xagt has also admitted to me that they were an alt
