Student Initials	ADVANCED COURSE AGREEMENT
	I have carefully considered all of my commitments—including academic course load and extracurricular activities inside and outside of school—and would like to request enrollment in the advanced courses listed below.
	I understand that requests to withdraw or drop these courses may not be approved due to limited availability.
	I will check the Golden High School homepage for AP/Honors summer assignments and complete any required work **before the start of the school year**.
	For AP courses: I understand that I am required to sign up for AP Classroom at the beginning of the course. While taking the AP Exam is optional, if I choose not to take the exam or fail to pay/register, I will be required to take a cumulative final exam provided by the teacher.
	For Concurrent Enrollment Courses: If I do not register for college credit, I understand that my final transcript will reflect the high school course name only, and I may not earn a weighted grade.
