

Infinite Campus - Custom Reports/Queries/Outline Links

During the Secretary Meeting, we talked about custom links that can be created to easily run reports.

One request was to have a report with students and their lunch codes. There is one out there now called Lunch Codes.

Old Look:

- Index
- Lunch Codes
 - Just select it and it will run.
 - Be sure you are in the year and calendar you want.

New Look:

- Index
- Reporting
- Custom Reports section
- Lunch Codes

If you would like a report changed or create a new one, please let Cheryl know.
