INCLUDED BELOW IS A TRANSCRIPT OF THE QUESTIONING OF "MASON SNOWSON" by ■■■-2

■-2:

Snowson, your history with Internal Affairs is notable, but the ■■■■■■■■■■ Council is where your loyalty needs to lie.

Your history with Internal Affairs makes clear that during your time in the Foundation, you have been involved with Ethics Committee matters, my concern is that you will maintain an allegiance to their agenda.

Mason Snowson:

My affiliation with the Ethics Committee has always been within the bounds of my duties. My loyalty remains with the Foundation.

■-2:

The Ethics Committee can sway decisions in ways that don't align with our vision. Do you understand that you must prioritize our instructions even if they contradict the Committee's stance?

Mason Snowson:

I understand what is required, the ■■■■■■■■■■ directives shall always take precedence regardless of outside influences. The vision will remain the true north in my actions.

■-2:

The role of an ■■■■■■■■■■ assistant involves interaction with personnel at all levels, even those with whom you may have already crossed paths before. Can you assure us that past conflicts or allegiances won't hinder your commitment to the vision?

Mason Snowson:

My devotion to the vision shall be my focus. I will operate unmarred by personal agendas.

█-2:

Your answers convey a strong commitment to the
██████████ Council's vision. While we remain vigilant of your
past, your assurances have left a positive impression.
Welcome to your new post as ██████████ Assistant. One misstep
and the secrets you'll carry will become your undoing.
