The Grading Scale

A,B,C,D,F

Grades of NC or F will not earn quarter credit. You must pass all quarters to meet the graduation requirement.

(3 years of HS math minimum required)

Sequence: Geometry, Advanced Algebra, and 1 additional advanced class

Grading Components

Your grade in the course will be based on:

- ★ Assessments graded by Learning Target (LT) linked to state standards
- ★ Learning Activities which include daily participation in Skill Building, Notes, Practice and an Exit Ticket for daily check-ins.

How to earn a passing grade

C: Student demonstrates proficiency on 70-79% of learning targets and/or extensions.

B: Student demonstrates proficiency on 80-89% of learning targets and/or extensions.

A: Student demonstrates proficiency on 90-100% of learning targets and/or extensions.

Learning Activities

- Classwork(CW): Assigned in class and kept in class binder
- Daily Tickets: Individual check-ins for understanding and skill building
- Homework(HW): Math XL in Google Classroom. HW is optional for additional practice. HW or a conference is required for attempting a retest.
- Extensions: Extensions are optional and may be completed for extra credit at the end of every unit.

Student responsibilities

- Be prepared for class each day with a pen/pencil.
 - Maintain an organized and complete binder.
 - Complete the Reflection Journal as needed.
- Maintain focus in class and demonstrate appropriate use and effective use of technology
- Communicate with us about concerns and concerns!
 - Collaborate respectfully with table mates.

Student goals

- Develop curiosity and perseverance with math tasks.
 - Build confidence in math.
- Develop appreciation for math as a tool for understanding ourselves and our world.

FAQ

I missed class. What can I do to keep caught up?

September 11, 2023

What we did in class:
Today we reviews some Algebra skillz we'll need this year!!

Today's CW: Pg. XX
Today's Notes

Today's Optional HW

$5x + 9 + 2x$

$7x + 9$

FOMO? Need help?
Today's big Questions:
• How do I balance an equation?

Go to the class website & check out the daily tile. Click back to see previous work. Links are underlined.

I am missing CW credit. What should I do?

Team, We complete an assignment everyday that is designed to add to your knowledge of Algebra. If you are absent, you still need the knowledge so you'll want to make it up. You can find the assignment we did, notes and a help video on our class website!

Geometry Vision

Woldum's Geometry 2023-2024

Be sure to give your binder to Woldum to check when you are done with the notes and CW!

How will I know my grade in class?

Grades will be updated every Friday in Infinite Campus. Teachers will conference with you as needed for retests. You will know your grade 2 weeks in advance of the end of the quarter.

I want to retest. What should I do?

First, make sure that you have completed the optional HW for the LT you want to retest on. All optional HW can be found in our Google Classroom. Then, complete a retest ticket request and turn in to the IN BOX.
