**III. Child Abuse Prevention Intervention and Treatment (CAPIT) State
Grant Funds**

Annually the CAPC reviews and approves a budget for CAPIT.

Our CAPIT budget IS \$132,208. The recommended budget for Fiscal 2007-2008 is:

- **CAPC Community Based Trainings \$ 32,000**

These funds will allow CAPC to contract with two community based independent trainers who will provide child abuse and neglect prevention trainings to the monolingual Spanish speaking community. One trainer will be hired to provide 100 trainings in Spanish. The other Spanish speaking trainer will be contracted initially to provide 50 trainings to groups composed of women regarding child abuse and neglect prevention, domestic violence prevention, pre-natal care and additional primary prevention issues affecting children.

These funds will also allow CAPC to contract for 50 trainings in English with a focus on building healthy relationships for young women and men in the seventh and eighth grade age levels. These classes may or may not be delivered in school

programs depending on access and/or interference with existing contracted programs provided by other agencies.

- **Parents-as-Teachers** **\$ 40,000**

It has been suggested that a reduction in funding to the Parents-as-Teachers program would impact the number of at-risk families served. So I have restored \$5000 to their budget bringing to total to the identical level of service provided last year.

- **In Home Services** **\$ 40,000**

These services are provided by Alisal Healthy Start for at risk families in the 93905-93906 zip codes received services through the Alisal Healthy Start program. \$5000 has also been restored to this program to maintain services at the current level.

- **Education of Professionals** **\$ 10,208**

These funds will be utilized as a collaborative tool to bring professional trainings on critical abuse and neglect issues to Monterey County. They will also be utilized to provide capacity building scholarships for professionals who work with children in the county.

- **CAPC Directed Allocations** **\$ 10,000**

These funds will be utilized to support events, conferences, programs and health fairs to assist parents of children who live in Monterey County. (Examples of these programs are the Labor of Love, Salinas Adult School Parent University, Cabrillo Parent University, South County Collaborative Programs, and etcetera.)

Total	\$ 132,208
--------------	-------------------

These recommended expenditures are at the will of the Council. **A motion is required to approve and authorize the Director to develop the contracts to implement the proposed services.**
