Task 6 Guess what kind of travelling you are going to read about.

1. It is the fastest way of travelling. It can take you from one town or city to the other one in no time. The seats are comfortable. That's a pity but sometimes you can see very little from the windows. The things are too small to see them. When the weather is rainy or foggy you can't travel by it.

2. This way of travelling is fast. You can stop at any place you like and go where you like. You need no tickets. Usually families travel by it.

3. This is the slowest way of travelling. Both young and old people like it. You needn't worry about the tickets. The only thing you need is a rucksack. You can visit many places in such a way.

4. This way of travelling is fast. The carriages are comfortable. It is so pleasant to travel in them. You can see a lot of interesting things from carriage windows. You can make a long journey on land by it.
