

Mt. Pleasant High School Arrest Data

2016-17 through 2019-20* school years (*2019-20 data is through February 29, 2020)

The information below comes from a listing of all arrests that took place at Providence Public School addresses. For this analysis, arrests made of individuals age 19 and under between the hours of 8:00 a.m. - 5:00 p.m. during the school year, as well as a block of arrests with a time of 12:00 a.m. that fall within the other parameters named, are assumed to be “student arrests.”

Note that these figures are for arrests that take place on school grounds. It is not the number of unique students arrested - these numbers may reflect students who have been arrested more than once. It is also worth noting that the document provided to us listed individual charges made during an arrest. Charges have been grouped by an Arrest ID number to get a count of the number of arrests, and multiple charges may be given to an individual during one arrest.
