(Click on link for video)

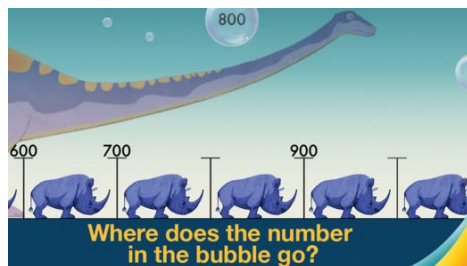

Concepts Reinforced

- Place value
- Number line

Common Core Standards

- K.CC.7
- 1.NBT.2, 1.NBT.3, 1.NBT.5
- 2.NBT.1, 2.NBT.4
- 3.NBT.1
- 4.NBT.3, 4.NF.6, 4.NF.7
- 5.NBT.3
- 6.NS.7a

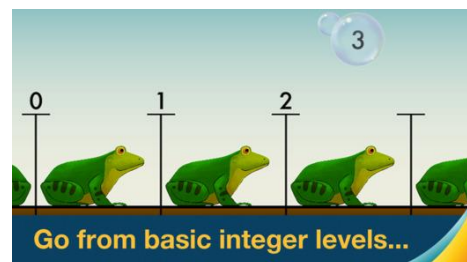

Learning Goals

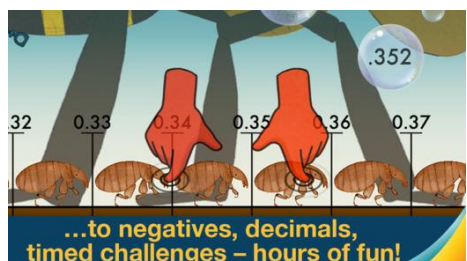

- Master place value from the thousandths to the thousands
- Locate integers, negatives, and fractions on the number line
- Build automaticity in comparing numbers

The numbers go up to 1000 for younger children; advanced learners unlock negatives, decimals, and timed trials.

Six levels are available with the free version of the app; users will need to purchase the full version (\$2.99) to access the other 24 levels.
