

SL: Hoping you ENJOY this...

Hi Eric,

I like how you showcased the thousand's of instructional videos in your "Get Primal" opt in list. I can see how your fans would want to sign up. Your devotion and passion to fulfilling yourself, in each and every one of those videos, to me was awesome. I'm very appreciative because I went down the entire page, and it still showed your video guides. You made my job fun, hopefully I made your job reading this, even better.

So I shredded through to create your own "intriguer" template, to help enlighten more mystery behind your programs, which would help boost your traffic, as well as your sales page visits.

If you want a 1 week sample to test for free, let me know, and I'll get right to work!

Thanks,

Karum
