

Name: _____ Student Number: _____

The Future Soon – Jonathan Coulton

Last week I left a note on Laura's desk,

It said I love you signed anonymous _____

Turns out she's smarter than I thought she was

She knows I wrote it, now the whole _____ does too

And I'm alone during couple skate, _____ When she skates by with some guy on her arm

But I know that I'll forget the look of pity in her face

When I'm living in my solar dome on a platform in _____

CHORUS

Cause it's gonna be the future soon, And I won't always be _____

When the things that make me weak and strange get engineered away

It's gonna be the future soon, I've never seen it quite so _____

And when my heart is breaking I can close my eyes and it's already _____

I'll probably be some kind of _____

Building inventions in my space lab in space

I'll end world hunger I'll make dolphins _____

Work through the _____, spend my nights and weekends

Perfecting my warrior _____ race, Building them one laser gun at a time

I will do my best to teach them, About _____ and what it's worth

I just hope that I can keep them from destroying the Earth

CHORUS

Here on Earth they'll _____, As I piece by piece replace myself

And the steel and circuits will make me whole

But I'll still feel so _____, Until Laura calls me home

I'll see her standing by the monorail, She'll look the same except for bionic eyes

She lost the real ones in the _____ wars

I'll say I'm _____, she'll say it's not your fault, Or is it?

And she eyes me suspiciously, Hearing the whirl of the servos inside

She will scream and try to _____, But there's nowhere she can hide

When a crazy cyborg wants to make you his robot _____

CHORUS

Answer the questions:

1. Will we have robots in our homes in future? What kind? _____

2. Is the future going to be better than now? Why? _____

3. What's your dream for the future? _____
