

1. Create a Google document for your portfolio that includes the definitions for each of the three types of Differentiation by:

I. process; The instructional method by which a teacher facilitates learning

i. product; The assessment method by which a teacher determines a student's achievement of knowledge or skill taught. Products can be both *formal and informal assessments*, as well as *summative and formative assessments*

ii. Content: curriculum knowledge - what students need to know or be able to do

iii.

iv. also include Accommodation and

Modification: Accommodation: Is a change made to an assessment (product), assignment (product), or delivery method (process) based on student needs or needs identified in an IEP or 504 Plan.

v. Modification: Is a change made to content based on student readiness or needs identified in an IEP. special note: modifications are only for students on IEPs. Other changes made to content should be identified as differentiation by content.

2. Link it to the Students as Learners page as a Resource

<https://sites.google.com/view/patrickportfolio4?usp=sharing>

3. Submit the link to Moodle and include the link to that portfolio page.
