

I hope you like a word search as much as I do!

- ★ a graphical display of categorical data.
- ★ a distribution that has two peaks.
- ★ a compact display that provides information about the center, spread, and symmetry or skewness of a data distribution that is constructed using the five-number summary.
- ★ a diagram consisting of bars whose area is proportional to the frequency or relative frequency of a numerical variable and whose width is equal to the class interval.
- ★ the percent or proportion of observations that fall at or below a particular value.
