Report

Department of Geography, BOS Geography (MGV) & Board of Student's Development under the aegis of IQAC of our college organised “A State Level World Ozone Day Online Quiz” and “Special Lecture on Ozone Day” on the occasion of World Ozone Day (16 Sept. 2023) for students and participants.

Introduction:

World Ozone Day is observed on September 16 every year to spread awareness among people about the depletion of Ozone Layer. The ozone layer, a fragile shield of gas, protects the Earth from the harmful portion of the rays of the sun, thus helping preserve life on the planet. September 16 of each year is observed as World Ozone Day, also known as the International Day for the Preservation of the Ozone Layer. World Ozone Day is celebrated to draw attention to one of the biggest threats that humanity faces, the depletion of the ozone layer, and the dangers of ozone depletion. The purpose of the day is to raise awareness about the importance of preserving the ozone layer.

In 1994, the United Nations General Assembly proclaimed 16 September the International Day for the Preservation of the Ozone Layer, commemorating the date of the signing, in 1987, of the Montreal Protocol on Substances that Deplete the Ozone Layer (resolution 49/114).

“A State Level World Ozone Day Online Quiz”

The quiz was organized to create awareness among the students about the Depletion of Ozone Layer in upper atmosphere. The online quiz was organized for all students of Junior College and Senior College. There were 25 questions were set for the quiz for 50 marks. The students from several parts of Maharashtra State as well as other states of India participated in the quiz. Total 587 students as well as teachers participated in the quiz. E-certificates were distributed to each participant.

“Special Lecture on Ozone Day” :

The World Ozone Day was celebrated by organizing special lecture in the department. Hon'ble **Principal Dr. B. S. Jagdale** was the **resource person** of the programme. Head of the department Dr. R. V. Patil delivered Introductory Speech.

In his address Dr. B. S. Jagdale discussed several aspects about the Ozone Gas and its layer in the atmosphere. He further discussed the importance of Ozone Layer in the atmosphere, causes of Ozone Layer Depletion, Effects of Ozone Layer Depletion in the environment and the solutions to overcome the Ozone Layer Depletion. He further discussed the chemical reactions involved in Ozone Layer Depletion. He further emphasised on protection of environment by the common people. He said that Mother Nature provides us abundant resources but by our day-to-day activities we are depleting, deteriorating and vanishing the important resources. Special efforts should be taken by every individual to manage the use of resources for sustainable development.

46 students of the department participated in the event. Dr. M. P. Pagar delivered vote of thanks. Dr. R. A. Jadhav compared the session. Mr. S. P. Dhatri, Mrs. K. M. Ghate, Mr. Raj Narayane taken a great effort to make this even successful.
