———On going rehearsal for study: (6-8 grades)

Please use the following links to access your music and also the music tracks.

You are to sing through each piece of music 1 TIME. This should take about 15-20 min to complete.

You may also watch our SLUH performance. I am so so proud of the hard work and dedication. You all ROCKED! I shared with staff and administrators and they were all thoroughly impressed.

When you are finished with your assignment, you need to email me at <a href="mailto:cibnabdeljalil@ucityschool.org">cibnabdeljalil@ucityschool.org</a> and verify that you have practiced your music.

Thank you for working hard on your music while we are away from the choir room! Additionally, if you need to meet with me during the scheduled AMI class time to review a part of the music, here is the google meet link: To join the video meeting, click this link:
